## The Elizabeth Nursery Co.

### ELIZABETH, N. J.

Office: 96 BROAD ST. Telephone, ELIZABETH 1251.

### TERMS.

Prices quoted are for nurserymen, florists and dealers only. **Cash from unknown parties or satisfactory reference.** A small charge will be made for packing, merely to cover the actual expense. No charge will be made for delivery to railroad or express office.

Parties will do well to order early, as stock will be scarce later in the season. **Samples** will be sent and charged for at hundred rates. Those desiring samples will please send the money, including stamps for postage.

### GUARANTEE.

While we exercise the greatest care to have all trees, shrubs and plants sold by us true to name and free from disease, and hold ourselves prepared to replace, on proper proof, all that may prove to be otherwise, we do not give any warranty, expressed or implied, with respect to them; any and all such goods are sold upon the express condition and understanding that in case any of them prove to be untrue to name, unhealthy or otherwise defective, we shall not be held responsible for a greater amount than the original price of the goods.

All claims for errors or deductions must be made immediately upon receipt of goods.

We cannot fill long lists for one or two of a kind at hundred rates, will charge at single rates; 25 of a kind at rate of 100, and 500 of a kind at rate of 1000.

Those Desiring Young Stock for Transplanting Must  
 Order at Once as the Demand is Very  
 Great and Stock Limited.

# CLEMATIS PANICULATA.

In the last two years we have been working up one of the finest, and, we believe, one of the largest stocks of Clematis Paniculata in the United States, and are offering them at extremely low prices for the quality of stock.

One of the most hardy and valuable of all the small flowering varieties. Of very rapid growth, with large shining green foliage and a great profusion of beautiful and delightfully fragrant flowers, which are borne in large panicles. Very choice, perfectly hardy, and finely adapted for covering a trellis or fence.

## All Field-grown, Very Finely Rooted.

**Climbing Kaiserin Augusta Victoria, 3 and 4-inch pots, 15 cts. each ; \$1.25 per 10.**

**ROSES—Continued.****NEW ROSE—ROSA LAEVIGATA.**

A new evergreen Rose originated in Japan. The foliage of this Rose is as bright green the first day of January as at any time during the whole season. We believe this to be quite an acquisition to the Rose family, being a large, single, white Rose borne in clusters and having yellow stamens; good for hedging on account of its many thorns. Propagates easily either from soft or hard wood. Having a large stock on hand we offer this rose at extremely low prices.

On own roots, from 3-inch pots, 25 cts. each; \$2.00 per 10; \$12.00 per 100.

**CLIMBING AND CREEPING ROSES.**

Two years on own roots, 75 cts. per 10; \$7.00 per 100.

**STRAWBERRIES.**

Those desirous of handling our potted Strawberry plants next July and August, and wish to have a catalogue of same with their name and business address on the front cover, can have them at low prices by notifying us early. We propose to grow the following varieties in large quantities as pot plants:

oder Wood	Glen Mary	Parker Earle
smarck	Henry	Pride of Cumberland
andywine	Jersey Market	Reba
unette	Joe	Ridgeway
ibach No. 5	Louis Gauthier	Robbie
rrie Silvers	Lovett's Early	Saunders
as. Downing	Marshall	Sharpless
yde	McKinley	St. Joseph
umberland Triumph	Michel's Early	Star
ormous	Nettie	Stella
celsior	New York	Timbrell
ndy	Nick Ohmer	Wm. Belt

We can furnish the following varieties in layer plants for this Spring's planting:

unette, Excelsior, Glen Mary, Jersey Market . . . . .	1000
McKinley, Nick Ohmer, Star . . . . .	\$2 25
	2 50

**CERTIFICATE.****New Jersey State Board of Agriculture.**

NEW BRUNSWICK, N. J., Sept. 27, 1899.

**This is to Certify,** That I have this 23d day of September, 1899, examined the nursery stock growing on the Elizabeth Nursery Company's nurseries, at Elizabeth, Union County, New Jersey, and have found the small fruits, shade and ornamentals, apparently free from San José Scale and other dangerously injurious insect pests; also, that the stock examined was in an apparently healthy condition. This certificate is good only for the shipping season of the Fall of 1899 and Spring of 1900, and covers only stock actually grown on the nurseries examined.

JOHN B. SMITH,  
State Entomologist.

# CLEMATIS PANICULATA.

In the last two years we have been working up one of the finest, and, we believe, one of the largest stocks of Clematis Paniculata in the United States, and are offering them at extremely low prices for the quality of stock.

One of the most hardy and valuable of all the small flowering varieties. Of very rapid growth, with large shining green foliage and a great profusion of beautiful and delightfully fragrant flowers, which are borne in large panicles. Very choice, perfectly hardy, and finely adapted for covering a trellis or fence.

**ALL FIELD-GROWN, VERY FINELY ROOTED.**
